DanRadcliffe.com Wins Gold Award

Posted by jenna on Tue 03/01/2005 23:38

DanRadcliffe.com won a Gold award from the **American Association of Webmasters** again. Awards are based on "hard work and dedication put into constructing a web site. A site displays: A nice clean Design and Layout, with quality content and informative information for visitors."

You can see **all** of the Gold winners for February to see other sites that also won this award (although we were the only fan site). Thanks to the AAWM for the award!
