## CareerCentral wins world best award

Friday, 25 February 2005

### CareerCentral wins world best award

Shire-based business, CareerCentral, has won the prestigious American Webmasters Association 2004-2005 Website of the Year, ahead of some 10,000 other sites.

[www.careercentral.edu.au](http://www.careercentral.edu.au) is a complete career guidance centre online offering the latest career information to help students make informed decisions about their futures.

CareerCentral is the outcome of two years of research and testing by career advisors and teachers. Following a highly successful pilot last year with seventeen Shire high schools, CareerCentral is now expanding across NSW.

According to Julie Peters, co-founder of CareerCentral, response to the site has been unparalleled with career advisors, students and parents all commenting on the comprehensive and timely nature of the content, especially for HSC students.

'Our site informs, educates and inspires students about careers options and includes information on apprenticeships, uni courses right through to tips on preparing for an interview,' explained Julie .

CareerCentral recently moved into the SSHED Business Accelerator at Loftus.

To take a virtual tour of this award-winning site, visit [www.careercentral.edu.au](http://www.careercentral.edu.au) and click on 'view sample site'.
